Carburetor Cleaner

PROFESSIONAL CARBURETOR-CHOKE CLEANER

FOR PROFESSIONAL AND INDUSTRIAL USE ONLY.
SHAKE WELL BEFORE USING.

Professionally cleans carburetors and chokes without dismantling carburetor or disconnecting gas line. REMOVES upper cylinder deposits moisture, dissolves gums and varnishes, PREVENTS rough idling, CHECKS stalling. IMPROVES engine performance and gasoline savings. NON CORROSIVE on metals and carburetor gaskets.

DIRECTIONS: STOP Engine. Remove air cleaner. Spray small amount into throat and outside of carburetor. Let soak 3-5 minutes, then start, run engine for several minutes for remaining deposit burn off. Repeated applications may be necessary if mechanism is extremely dirty. Automatic chokes may be easily cleaned by removing choke face plate and spraying mechanism.

WARNING: This product contains a chemical known to the State of California to cause birth defects or other reproductive harm.

Manufactured exclusively by:
