Total Release Smoke Out Room Deodorizer

Stops unwanted odors and deodorizes the air in bathrooms, kitchens and any other areas where a malodor exists. TOTAL RELEASE SMOKE OUT delivers an ultra fine mist to effectively freshen rooms up to 7,500 cubic feet. Formulated to neutralize tough odors, such as sulfides (from eggs, garlic and onion), amines (from fish) and pyridine (from tobacco smoke).

DIRECTIONS FOR USE

Close all windows and shut down all fans, air conditioning or heating units. DO NOT use more than one fogger per room. DO NOT use in small, enclosed spaces such as closets, cabinets or under counters or tables. Do not use in a room 5 ft. X 5 ft. or smaller. Turn off ALL ignition sources such as pilot lights (shut off gas valves), other open flames or running electrical appliances that cycle off and on (i.e., refrigerators, thermostats, etc.). Call your gas utility or management company if you need assistance with your pilot lights. Point valve opening away from face and eyes when releasing.

Use one unit for each 7,500 cubic feet of unobstructed area. Do not use this unit in an area less than 100 cubic feet. Place can on raised surface near middle of room. Spread paper or cloth directly below can for protection. To lock valve into open position for total discharge, press valve button all the way down locking the catch. Leave room immediately. Do not disturb area for at least 2 hours. Ventilate area for 30 minutes before re-entering.

NOTE: Valve can be operated to give short bursts of spray by lightly depressing valve and pointing can to area to be sprayed.

Manufactured exclusively by:
