

AERO® brand aerosols are the finest available anywhere. A full range of solutions, from cleaning, to pest control. No other products can match our standards or our commitment to quality.

# aero®

- **Quick Kill**
- **Kills the Entire Nest**
- **Kills with Residual Action as Wasps and Hornets Return to Nest**
- **Prevents Nesting**
- **Acts as a Barrier that Prevents Insects from Entering the Home**
- **JET SPRAY— Will Reach Nests up to 20 Feet Above Ground**
- **Drops Wasps, Hornets and Yellow Jackets Instantly**
- **Electrically Non-Conducting**
- **Dielectric Breakdown Voltage of 49,500 Volts**
- **Can Be Used Both Indoors (attics and other places where nests are built) and Outdoors on Wasp & Hornet Nests**
- **Triple Action Formula**
- **Contains No CFC's or Other Ozone Depleting Substances**

For best results, spray in early morning or late evening when insect activity is minimal.

Stand a safe distance from nest and not directly underneath.

Remove protective cap. Hold can upright and point spray opening toward nest with wind at your back. Spray until nest is thoroughly saturated to kill the entire nest population. Residual action will kill wasps and hornets returning to the nest. Wait at least 24 hours before removing the nest.

To kill wasps, hornets and yellow jackets under eaves, screens, window frames, doors, patios, cracks, holes or crevices wherever insects are noticed, spray for about 1-2 seconds or until surfaces are moist.

To prevent entrance of insects into the house, spray around points where insects enter such as outside plumbing, faucets, etc., and cracks or crevices in foundation as well as along sills and ledges.

Do not apply to pets or contaminate feed, foodstuffs, dishes or utensils. Avoid spraying vegetation directly.

## HIGHLIGHTS

- Quick kill
- Jet spray—will reach nests up to 20 feet above ground
- Electrically non-conducting
- Kills with residual action as wasps and hornets return to nests
- Prevents nesting

## TYPICAL PROPERTIES

- Specific Gravity: 0.81
- Conductivity: 49, 500 volts
- **ACTIVE INGREDIENTS:**
  - Tetramethrin ..... 0.150%
  - Permethrin..... 0.375%
  - Piperonyl Butoxide ..... 0.750%
- **OTHER INGREDIENTS:**..... 98.725%
- Odor: Insecticidal
- Propellant: Carbon Dioxide
- Spray Characteristics: 20' stream
- Net Weight: 14 oz (397g)

## SAFETY CAUTIONS

Keep out of reach of children.  
Causes moderate eye irritation.  
Harmful if swallowed. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

Refer to SDS and product label for additional safety information and directions for use.
