

AERO® line of Automotive Products contains a full range of liquid and granular car and truck washes suitable for manual or automatic car wash applications.

aero®

Liquid Car & Truck Wash

A perfected blend of liquid detergents, designed for efficient “No-Streak” cleaning. Produces rich, sudsy solution that emulsifies dirt and road film rapidly. Free rinsing to eliminate streaking.

DIRECTIONS

MANUAL WASHING: Put 2 to 5 ounces of concentrate in regular car wash pail, depending on condition of car. Fill pail with water hose, using water pressure to produce rich suds. Wash car, starting at bottom and working upward. Rinse with hose, flooding freely with water, and allow to air dry.

CAUTION: If car is hot, cool by rinsing with cold water before washing. Do not wash car in hot sun.

Pressure Type Spray Systems: Add 1/2 to 1 oz. per 1 gallon of water in solution tank depending on pressure. High pressure units require less concentration than low pressure units.

HIGHLIGHTS

- Economical
- High sudsing
- Suitable for hand or automatic wash

TYPICAL PROPERTIES

- Specific Gravity: 1.06
- pH: 9.0
- Viscosity: 200 cps
- Total Solids: 10.8%
- Appearance: Light green liquid
- Odor: Odorless

SAFETY CAUTIONS

Keep out of reach of children. Read label and SDS before use. Causes serious eye irritation. Causes skin irritation. Refer to SDS for additional safety information.
