

All AERO Hand Soaps are formulated with the mildest detergents, emollients and skin conditioners.

# Handy Quat

## Antiseptic Handwash

This product is an effective one-step cleaner/sanitizer for use in food processing plants and restaurants by personnel prior to handling food and/or food-processing equipment. Based on quaternary ammonium chlorides, this viscous formulation is more cost-efficient than traditional PCMX-based products.

This formulation effectively reduces the bacterial flora of the skin. When tested via the Modified Available Chlorine Germicidal Equivalent Concentration Test it demonstrates equal sanitizing activity to 50 ppm of free chlorine against *Staphylococcus aureus* and *Salmonella typhi*. Formulated with skin conditioners for extra mildness.

**Directions:** Wet hands and forearms. Apply 5 milliliters (teaspoonful) or palmful to hands and forearms. Scrub thoroughly for 1 minute and rinse.

### HIGHLIGHTS

- Economical
- Odorless
- Mild
- Antibacterial

### TYPICAL PROPERTIES

- Specific Gravity: 1.05
- pH: 6.0
- Quaternary Ammonium Chlorides: 2.5% min.
- Solids: 10.7%
- Viscosity: 2500 cps
- Appearance: Clear pink liquid
- Odor: Odorless
- FDA Registered

### SAFETY CAUTIONS

Keep out of reach of children. This product is an eye irritant. Refer to SDS and product label for additional safety information and directions for use.
