

Our AERO® line of Herbicides consists of a full range of liquid non-selective weed killers, including oil and water-based products, non-residuals and soil sterilants.

# aero®

## Super Weed Killer Concentrate

For total weed control on certain areas around the business or workplace where no plant growth is desired, use as specified in label directions. Controls bindweed, common mullein, and other hard-to-kill weeds.

### DIRECTIONS:

For control of annual and broadleaf weeds such as downy brome grass, oatgrass, goosegrass, quackgrass, puncturevine, goldenrod, pliantain, bindweed, johnsongrass, common mullein and wild carrot. To cover 100 sq. ft., add 10 - 18 fl. oz. by use of a sprinkling can or other watering or spraying device in sufficient water to get good coverage of the area (e.g., 2 1/2 gals. in sprinkling can). **Limited to 1 application per year. The maximum use rate is 0.20 lb ai/500 ft<sup>2</sup>, or the equivalent to a maximum of 18 lbs ai/A (18 oz. of this product per 100 sq. ft.)** Different grades of mineral oil, diesel fuel, petroleum-based-oil, fuel oil, or kerosene may be substituted for water.

When using a sprinkling can, triple rinse and pour rinsate on area treated once application is completed. Mix only the quantity needed and use immediately. To minimize lateral movement, sprinkle lightly with a watering can or similar sprinkler device immediately after application.

This product will not provide herbicidal action in the treated area unless application is immediately followed by watering the area with at least 1/4" of water or application of the product just prior to a rain event sufficient to penetrate to the root system of the target vegetation.

### HIGHLIGHTS

- Non-selective
- Prevents plant growth for up to one year
- Water or oil-dilutable

### TYPICAL PROPERTIES

- Specific Gravity: 0.860 - 0.880
- **ACTIVE INGREDIENT:**  
Prometon: 2, 4-bis (isopropylamino)-6-methoxy-s-triazine ..... 3.75%  
Other ingredients\* ..... 96.25%  
\*Contains Petroleum Distillates
- Appearance: Clear yellow liquid
- Odor: Solvent

### SAFETY CAUTIONS

Harmful if swallowed. Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Refer to SDS and product label for additional safety information and directions for use.
