Alka 150

Aluminum Safe, Non-Foaming Alkali Cleaner

This product is a concentrated alkali cleaner and degreaser for use in bakeries and other food processing areas. This product is excellent for removal of food soils from aluminum equipment, such as pans, utensils, carts, racks, etc. This product may be used in automatic washers or by soaking.

DIRECTIONS FOR USE

For soaking: Dilute 15-30 oz. of product per gallon of water. Soak for 5-10 minutes at 150-180°F. Solution tank should be large enough for complete immersion. Rinse with clear water.

For automatic washers: Dilute 3-4 oz. per gallon of water. Rinse with clear water.

HIGHLIGHTS

- Liquid alkali cleaner
- Aluminum-safe
- Non-foaming for CIP applications
- Excellent for washing pots and pans in automatic washers
