Bio Live

Floor Cleaner

- Utilizes the powerful waste digesting abilities of specifically selected beneficial microbial cultures, and the natural enzymes produced by these cultures.
- Destroys odors naturally without the need of a fragrance or masking agent.
- Breaks down proteins, carbohydrates, animal and vegetable fats, oils, and cellulose for effective waste digestion and odor reduction.
- Eliminates carry over and odors in grease traps and reduces the need for pump-outs.

This product is a liquid concentrated microbial cleaner for use on hard surface floors such as quarry tile and concrete in commercial kitchens and other food preparation areas. It combines biodegradable surfactants for immediate cleaning and a blend of specifically selected microbial cultures that penetrate deep into tile pores for the breakdown of residual organic material. The cleaner is recommended to be emptied down the drain line where it will offer an effective drain and grease trap treatment. Regular use prevents grease build-up, reduces slippery floor surfaces, maintains a sanitary and odor-free floor, reduces organic material buildup in drains and eliminates conventional hazardous cleaners.

DIRECTIONS: Product must be diluted before use. Mix 4-8 ounces of this product per gallon of water before use. Clean or mop area. No rinsing necessary.

Manufactured exclusively by:
ABC COMPOUNDING CO., INC. • P. O. Box 16247 • Atlanta, GA 30321

HIGHLIGHTS

- Eliminates conventional hazardous cleaners
- Prevents grease build-up
- Reduces slippery floor surfaces

TYPICAL PROPERTIES

- Specific Gravity: 1.0
- pH: 8.0
- Effective temperature range: 45-120°F
- Microbial count: 200 billion cfu/gallon
- Contents:
Bacillus Spore Blend Lipase Enzyme:
 - Protein digesting microbes
 - Starch digesting microbes
 - Cellulose digesting microbes
 - Fat, oil and grease digesting microbes
- Appearance: Clear green liquid
- Fragrance: Fresh

SAFETY CAUTIONS

Keep out of reach of children.
Read label and SDS before use.
Causes serious eye irritation.
Refer to SDS for additional safety information.
