The AERO® Line of floor finishes provides a finish for every application and maintenance technique employed by today's floor maintenance supervisor. The line ranges from hard polymer finishes for low maintenance situations to soft polymer finishes where frequent maintenance is required.

This metal-crosslinked, all acrylic floor finish provides superior durability and dirt resistance. It can be maintained with either conventional low speed programs or infrequent (2-3 times a week) high speed burnishing.

DIRECTIONS FOR USE

New or existing floors: Thoroughly strip floor with a stripper. Rinse floor thoroughly with clean water. Apply a sealer base (optional) to worn floors or high traffic floors to improve wear resistance and enhance gloss. Apply 2-4 coats of floor finish in uniform thin coats allowing time to dry thoroughly between coats. Allow for longer drying time in damp weather.

Maintenance: Sweep as necessary. Damp mop or scrub lightly with a mild, neutral detergent. Spray buff or buff lightly with appropriate pad.

Also excellent for high speed buffing. In high traffic areas, re-coat worn spots as necessary.

Manufactured exclusively by: ABC COMPOUNDING CO., INC. • P. O. Box 16247 • Atlanta, GA 30321 770-968-9222 • 800-795-9222 • www.abccompounding.com AERO is a registered trademark of ABC Compounding Co., Inc.

HIGHLIGHTS

- Outstanding durability with low maintenance programs
- Metal crosslinked all acrylic polymers
- Superior dirt resistance
- Excellent burnish response with no powdering or dusting
- Decreased labor cost through less frequent need to buff, burnish and re-coat, and a reduction in the number of floor strippings

TYPICAL PROPERTIES

- Specific Gravity: 1.03
- Solids: 22%
- pH: 8.5
- James Static Coefficient of Friction: 0.6
- Leveling: Excellent
- Film Formation: Excellent
- Gloss: Excellent
- Water resistance: Excellent
- Detergent resistance: Excellent
- Removability: Excellent
- Black heal mark resistance: Excellent
- Odor: Mild acrylic
- Appearance: White emulsion

SAFETY CAUTIONS

Keep out of reach of children. Read label and SDS before use. May damage the unborn child. Suspected of damaging fertility.

Refer to SDS for additional safety information.
