floors, walls, and equipment in meat

### TYPICAL PROPERTIES

Specific Gravity: 1.11  
pH: 10.0  
Total Alkalinity: 4.3%  
Solids: 24.5%  
Foam: High, stable  
Appearance: Clear blue  
Fragrance: Pleasant

### DILUTION RATIO

Low: 1:32  
High: 1:128

## FOAM DEGREASER

- High foaming alkali cleaner and degreaser
- Penetrates and lifts dirt and soil

This product is a self-foaming alkali cleaner and degreaser for cleaning floors, walls and processing equipment in general food processing areas. Formulated with a blend of alkali builders, chelating agents, detergents and solvents, it is effective for removing fatty and greasy soils from all hard surfaces. May be used with foam generating equipment, pressure washing, or manual cleaning.

### **DIRECTIONS FOR USE**

Using a trigger sprayer wet down any surface or items to be cleaned with solution. Allow a moment for solution to penetrate and lift the soil. Use a brush to loosen dried or old food product. Rinse the cleaned surface or items. The last step in perishable department cleaning is the final sanitizing rinse that is left to air dry.

### **WARNING**

Keep out of reach of children. Read label and SDS before use. Causes serious eye irritation. Causes skin irritation.

Refer to SDS for additional safety information.
