Mastic • Dissolve Soap Scum • Degrease Vehicles • Remove  
Tire Marks • Clear Drains • Dissolve Styrofoam • Remove  
Tar • Remove Printer's Ink • Clean Tools • Remove Creosote  
• Remove Fresh Paint • Remove Wax

#### DIRECTIONS

**To degl drains and disposals**, pour eight ounces of this product directly into opening. Let stand for one hour or more. Flush with hot water. **To clean and degrease surfaces**, add four ounces of this product to one gallon of warm water. Apply solution generously to surface to be cleaned. Let stand for five minutes. Rinse thoroughly. **To remove flooring adhesives**, apply this product full strength to floor and agitate with a stiff broom. When the adhesive has been sufficiently loosened use an oil absorbing material, such as those used in service stations, to pick up the remaining liquid.

This product is a concentrated organic formula that may be harmful to plastics or painted surfaces. Test surface in an inconspicuous area before using.
