

AERO® brand aerosols are the finest available anywhere. A full range of solutions, from cleaning, to pest control. No other products can match our standards or our commitment to quality.

aero®

Canned Air Dry Cleaning

- **Quickly Removes Dust and Dirt**
- **Power Trigger Spray**
- **For Use on Electric Equipment and Electronics**

Pressurized, highly volatile product for "dry cleaning" of electrical and electronic equipment.

Recommended use: 2-3 times per week, or more often if office environment is dusty.

DIRECTIONS

Turn off all equipment before using. DO NOT shake or tilt can before using. Always use in upright position. Tilting or inverting can cause gas to be dispensed as a cold moist fluid which could alter the appearance of plastics or other materials. Avoid contact with eyes, skin, or clothing. Do not use on camera mirrors.

- 1) Before use, point away from objects and squeeze trigger to clear valve of any liquid.
- 2) Hold can vertically from area to be dusted and use short, quick blasts.
- 3) Use attached extension tube for hard-to-reach areas. Make sure to insert firmly into valve opening.

HIGHLIGHTS

- Blows dust off precision components
- "Dry cleaning"
- No ozone depleting chemicals
- Non-flammable aerosol* (when used as directed)

TYPICAL PROPERTIES

- Specific Gravity: 1.2
- Odor: Slight ethereal
- Propellant: 1,1,1 2-Tetra-fluoroethane
- Spray Characteristics: Powerful blast
- Appearance: Clear, colorless
- Net Weight: 10 ounces

SAFETY CAUTIONS

Keep out of reach of children. Read label and SDS before use. Contains gas under pressure; may explode if heated. May displace oxygen and cause rapid suffocation. May cause frostbite. Asphyxiant in high concentrations.

Refer to SDS for additional safety information.
