

AERO® brand products are the finest available anywhere. No other products can match our standards or our commitment to quality.

aero®

Tool Kool

Clear Synthetic Lubricant

For the machining, cutting and grinding of ferrous and non-ferrous metals

Effective and suitable for use in working:

- Carbon Steel-Stainless Steel
- Chrome Vanadium -Molybdenum
- "Nitalloy"-Titanium
- "Inconel" - "Monel"- Aluminum Alloys
- Bronze Beryllium Copper-Boron Carbide and Specialty Alloys

DIRECTIONS

May be used with or without water dilution depending on the job requirements. This product dilutes clear in all proportions for complete job visibility. It is suggested that more difficult job trials be made with the fluid as is. If the results are satisfactory, further dilution up to 1:15 can be tried to determine the most economical dilution.

Non-foaming, non-flammable and not vulnerable to bacterial attack. Can be removed with cold water or chlorinated degreasing solvents and leaves a passive, inhibited work piece.

HIGHLIGHTS

- Dilutes clear for increased visibility
- Rinses with water
- Non flammable
- Reduces smoke and fume accumulation
- Longer lasting

TYPICAL PROPERTIES

- Dilution: Up to 1-15 parts water
- Appearance: Clear straw liquid
- Odor: Neutral
- pH: 9.5
- Specific Gravity: 1.04

SAFETY CAUTIONS

Keep out of reach of children. Read label and sds before use. Causes serious eye irritation. May cause allergy or asthma symptoms or breathing difficulties if inhaled.

Refer to SDS for additional safety information.
