

The AERO® Line of Resilient Floor Care Finish Removers ranges from "no-rinse" finish removers to aggressive caustic built finish removers.

aero®

Sprint

Wax and Finish Remover

LIQUEFIES THE TOUGHEST FINISHES WITH MINIMUM EFFORT

- **Extremely fast acting**
- **Removes heavy wax build-ups**
- **Concentrated**
- **No ammonia**
- **Free rinsing, low foaming**
- **All water temperatures**
- **Use with or without floor machine**

DIRECTIONS: Always test in an inconspicuous area before using on entire floor. Mop floor freely using one of the dilutions below. Allow to stand for five to ten minutes. With extreme conditions, a floor machine and a stripping pad may be used. Pick up old wax with a mop or wet vacuum as soon as it is emulsified. Rinse completely with clear water. Make sure all remaining solution, finish, and dirt are removed. Pick up excess water with a mop or wet vacuum. Allow floor to dry completely before applying floor finish.

FOR MILD ACCUMULATIONS: Use one part stripper to eight parts water.

FOR MODERATE ACCUMULATIONS: Use one part stripper to four parts water.

FOR HEAVY ACCUMULATIONS: Use one part stripper to one part water.

NOTE: Do not use on floors that are composed of cork, wood, parquet, or other substrates susceptible to aqueous solutions. Floors should be done in small increments so operator can work standing in dry area.

HIGHLIGHTS

- Fast penetration
- Removes heavy wax
- build ups
- Non-ammoniated
- "No-Rinse"
- Concentrated
- High dilution rate
- Low foaming
- All Water temperatures
- Use with or without floor machine

TYPICAL PROPERTIES

- Specific Gravity: 1.08
- pH: 12.5
- Odor: Citrus
- Appearance: Green

SAFETY CAUTIONS

Keep out of reach of children. Read label and SDS before use. Causes severe skin burns and eye damage. May be corrosive to metals.

Refer to SDS for additional safety information.
