

The AERO® line of Degreasers/Cleaners contains butyl-based and non-butyl degreasers, concentrated and RTU, for a wide variety of industrial and institutional applications.

aero®

Attack Heavy Duty Butyl Degreaser

- **May also be used as a traffic lane pre-spotter on carpets**

A highly concentrated butyl degreaser which dissolves and emulsifies the heaviest of grease accumulations. This product may also be used on carpet as a traffic lane pre-spotter to loosen tough water and oil-based stains on carpet before extraction or shampoo cleaning.

DIRECTIONS

Dilute 2 ounces per gallon for general degreasing and routine maintenance. Higher concentrations may be required where heavy grease accumulations exist.

Carpet pre-spotter: Dilute 2-6 oz. per gallon of water depending on the amount of soil. Spray carpet lightly holding sprayer 12" to 16" from the surface. Avoid over-wetting. Allow solution to remain on carpet 5-10 minutes before extraction.

NOTE: This product is moderately alkaline and therefore not recommended on stain-resist (5th generation) carpets.

HIGHLIGHTS

- Highly concentrated butyl degreaser
- Excellent for many industrial and institutional applications

TYPICAL PROPERTIES

- Specific Gravity: 1.065
- pH: 13.2
- Total Alkalinity (as Na₂O): 1.90%
- Solvents: 8.0%
- Solids: 12.1%
- Appearance: Clear blue liquid
- Odor: Butyl

SAFETY CAUTIONS

Keep out of reach of children. Read label and SDS before use. Causes severe skin burns and eye damage.

Refer to SDS for additional safety information.
