

AERO® brand aerosols are the finest available anywhere. A full range of solutions, from cleaning, to pest control. No other products can match our standards or our commitment to quality.

aero®

BRAKE & PARTS CLEANER

NON-CHLORINATED

Professional Strength

This high quality product can be applied to brake discs or drums, as well as CV joints to lift and wash soil, grease, oil, fluids and contaminants without disassembly of brake system. The high pressure system (100 lbs) improves the cleaning action and the blend of solvents will not leave a residue. Dries quickly.

NOTE: IF USED ON PAINTED OR PLASTIC SURFACES, IT IS RECOMMENDED THAT THE PRODUCT BE TESTED IN A REMOTE AREA TO INSURE COMPATIBILITY.

DIRECTIONS

Shake well before using. Point spray head towards part. Apply generously to the work surface to be treated. Attach extension tube for pinpoint application. Allow to either air dry or wipe dry with a soft cloth.

Due to its volatile organic compound content, this product may be restricted for sale and use in some states. Check local and state regulations.

HIGHLIGHTS

- Cleans without disassembly of the brake system
- Removes soil, grease, oil, fluids and contaminants
- High pressure (100 LBS)
- Dries quickly and will not leave a residue

TYPICAL PROPERTIES

- Specific Gravity: 0.725
- Propellant: Carbon dioxide
- Spray Characteristics: Stream
- Appearance: Colorless
- Odor: Solvent
- Net Weight: 14 ounces
