

AERO® Machine Dishwash products are designed for fast and efficient removal of food soil in a variety of food service applications.

aero®

Rinse Dry Liquid Concentrate

Designed for use with injection pumps, but may be used in hot rinse water. This nonsudsing rinse material provides spotless drying without wiping.

For use on:

Glasses
Dishes
Plastics
Silverware

DIRECTIONS

1. Set the dispenser according to manufacturer's instructions to dispense Rinse Dry during the rinse cycle.
2. Use 3–6 ml of Rinse Dry per rack of dishes.
3. Run several test racks to check for proper sheeting and drying of dishes. If sheeting and drying is not sufficient, increase dosage by 1 ml per rack until sufficient sheeting action is achieved.
4. For high water hardness, an increased dosage may be required.
5. Do not overdose.

HIGHLIGHTS

- Concentrated
- Prevents spotting
- Suitable for automatic dispensing

TYPICAL PROPERTIES

- Specific Gravity: 1.0
- pH: 10
- Appearance: Blue liquid
- Odor: Odorless
