

Brake & Parts CLEANER

PROFESSIONAL STRENGTH

NON-CHLORINATED

- Superior cleaning action
- Fast drying
- Dissolves grease, oil, brake fluid, dirt, and other contaminants

Does Not Contain 1,1,1 Trichloroethane or Perchloroethylene

This product uses a powerful spray which removes oil and grease without disassembling the brake unit. It stops disc brake squeal when caused by contaminants. Instantly cleans and leaves no residue on brake linings, drums, cylinders, springs, disc brake pads, C.V. joints, etc. Contains no chlorinated solvents that can contaminate waste oil. Dries instantly.

DIRECTIONS

Shake well before using. To remove brake fluid, grease, oil, and other contaminants, spray parts liberally with Brake Cleaner and allow to run off. Air dry or dry with soft wiper. If necessary, repeat application. Protect rubber brake parts from overspray.

Due to its volatile organic compound content, this product may be restricted for sale and use in some states. Check local and state regulations.

AERO brand aerosols are the finest available anywhere. A full range of solutions, from cleaning, to pest control. No other products can match our standards or our commitment to quality.

HIGHLIGHTS

- Cleans without disassembly of the brake system
- Removes soil, grease, oil, fluids and contaminants
