

# Electronic Contact Cleaner

## PENETRATES - CLEANS - DEGREASES

This fast drying formulation leaves no residue and is safe for use on plastics, rubber, and metal. This product contains no CFC's or HCFC's. Blasting spray easily cleans oil, grease, flux, dirt, and other contaminants from contacts, printed circuit boards, switches, motors, precision instruments and more. While advanced in performance, this product is flammable and must be used only on de-energized components and equipment. Always allow to dry and evacuate fumes before power is returned.

**DIRECTIONS:** Insert plastic extension tube in the valve button for cleaning confined areas.

**GENERAL APPLICATION:** For the cleaning of fairly large surfaces, aim the spray tip at the area to be cleaned and press button. For the cleaning of confined areas and small exact spots, press the 6" extension tube into the valve opening until it bottoms, then spray directly on the spot to be cleaned.

**IMPORTANT:** This product is different from CFC/HCFC products and is **EXTREMELY FLAMMABLE**. Always use on de-energized components and equipment. Always allow to dry and evacuate fumes before power is returned.

AERO brand aerosols are the finest available anywhere. A full range of solutions, from cleaning, to pest control. No other products can match our standards or our commitment to quality.

## HIGHLIGHTS

- High solvency cleaning power
- Leaves no residue, dries fast
- Contains no CFC's or HCFC's

## TYPICAL PROPERTIES

- Specific Gravity: 0.69
- Propellant: Carbon Dioxide
- Spray Characteristics: Forceful Narrow Cone
- Appearance: Clear liquid
- Odor: Solvent
- Net Weight: 13 oz

## SAFETY CAUTIONS

Keep out of reach of children. Read label and SDS before use. Extremely flammable aerosol. Pressurized container: May burst if heated. May be fatal if swallowed and enters airways. May cause drowsiness or dizziness. Causes skin irritation. Causes serious eye irritation.

Refer to SDS for additional safety information.
